

MICROMEMO™

compatible with iPod® with video 30GB + 60GB

Rev. 07/12/06

YOUR THOUGHTS, EXACTLY.

Say hello to the first high-fidelity iPod recorder with a removable microphone.

MicroMemo plugs right into your dock connector to capture memos, meetings, lectures, or any audio content directly to your iPod. A flexible, detachable mic captures audio. Or you can use any microphone with a 3.5mm-plug. Play your recording instantly through the built-in speaker or your earphones.

MicroMemo has high-fidelity one-touch recording and works without batteries or cables. Just drop it in a pocket and go.
